INCEPTION

With a motto to create exceptional students who in turn make an amazing society to live in, Pallavi Educational Society had initiated Pallavi Model School in June 1994 with 36 children in Hasmathpet, Bowenpally with high standards of academics clubbed with aesthetically planned curriculum roping in varied segments - Sports, Labs, Libraries, Arts and more. Pallavi has evolved into a successful Educational Institute in the past 25 years. Spreading our wings we have set off with our branches in Alwal, Boduppal, Gandipet, Saroornagar, Tivoli (Secunderabad), Mancherial and Peddapalli.

VISION

Our vision is to infuse in every child a quest for learning leading to academic growth, inculcate high moral values with an emphasis on leadership, co-curricular and physical development. The Pallavi vision is also to instill in every child a value for being environment conscious and a selfless desire to help the needy.

MISSION

Our mission is to aim at holistic development of the student in all areas. We stress on the total development of each child in the spiritual, moral, intellectual, social, emotional and physical aspects. The aim is to develop young students with active and creative minds and instill in them a sense of compassion and empathy for the society and the environment.

MOTTO

Tamasoma Jyotirgamaya - Lead me from darkness to light, from ignorance to intelligence.

“ Educating the mind without educating the heart
is no education at all ”

– Aristotle

PALLAVI'S APPROACH

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

- William Arthur Ward

At Pallavi Model School, we are equipped with all the advanced equipment and teaching aids, but believe that it takes a teacher to reach the student. Teachers at Pallavi Model School are not just academically qualified but are also empathetic towards the child. Parent-faculty interaction is encouraged for monitoring and checking the child's progress in school. The School has a strong team tasked with establishing a collective vision for school improvement, initiating change to spur innovation, ensuring student learning.

PHILOSOPHY

We at Pallavi have an approach which aims at establishing the highest standards in academics, sports and co-curricular activities. The school aim's at preparing children with skills necessary for the 21st century. The culture of green and being empathetic run through every nerve and sinew of a Pallavi child. The teachers at Pallavi become facilitators in the transfer of knowledge and shaping the young minds to dream higher.

CHAIRMAN'S DESK

At Pallavi, we had determined to build an education system that is ready to adopt new technology, thus ensuring young people to get fully equipped for future.

Pallavi Model School, since its inception in 1994, has always strived in imparting quality education to young children entering its portals. Accepting the challenges and working tirelessly towards the goal has been the motto. The school has earned a name for itself in curricular and co-curricular activities. We are sure that Pallavi Model School will continue to work with the same spirit and gusto to leap towards a better and brighter future.

Mr. M. Komaraiah

TREASURER'S DESK

"All Knowledge that the world has ever received comes from the mind and the infinite library of the universe is in your mind."

– Swami Vivekananda

Very true. We, at Pallavi believe that every student that comes in has immense potential.

We believe teaching is a noble profession and we are on the mission of nurturing tender minds with novel and innovative ideas, thus achieving the desired success.

Mrs. Pallavi Malka

DIRECTOR'S DESK

With a motto to create exceptional students who in turn make an amazing society to live in, Pallavi Model School spread its wings to Boduppal in a 6 Acre international campus. Affiliated to CBSE, Pallavi Model School - Boduppal with in a short span has been receiving many awards & accolades.

The school believes in imparting life skills which is the current need of the hour. We also focus to nurture the natural ability whether it is artistic, analytical, scientific or linguistic.

Our long term goal will be to provide a robust, vibrant and holistic education with appropriate approaches of academic activities to provide stress free, child centered education that will develop competent, confident and enterprising citizens who will promote harmony and peace..

Mr. Sushil

PRINCIPAL'S DESK

Here at PMS, we envisage a future for your child that is not restricted to mere marks and academic learning. Our mission is to

help your children discover their latent talents and develop themselves into responsible and mindful citizens. Our focus is on a system of teaching with an approach grounded in values.

Children who are well rounded individuals are assets to their families, the society and the country at large. Pallavians today are being groomed to become such well rounded individuals with good values instilled for life.

Mrs. T. Tanuja

PALLAVI STANDARDS

- Strong academic curriculum.
- Enquiry based, structured learning.
- Optimum student teacher ratio.
- Sports as an integral part of curriculum.
- Skill based individualised sports
- Clubs & student exchange programs as part of school curriculum.
- Green initiatives.
- Pallavi cares - Community service programming for the entire school community
- A very strong and positive parent connect.

21st Century Skills

ACADEMICS

To stimulate cognitive thinking, Pallavi Model School is equipped with the latest technology to help students learn practical applications of classroom education.

- Biology Lab
- Chemistry Lab
- Physics Lab
- Math Lab
- Robotics Club
- Library

CURRICULUM

We are committed to impart best academic curriculum, so in order to transact effectively the syllabus chosen adopts best practices of both national and International curriculum.

Testing and examination can be oral, written or both... The system of continuous assessment is designed to ensure that every student takes responsibility for his/her learning.

PRE - PRIMARY

The pre - primary program at Pallavi aims at development in the language, physical, creative and cognitive domains in its three year course. The classrooms are colorful and resemble a second home. The teacher plays the role of a facilitator making learning easy for the tiny ones. A strong emphasis is laid on skill development right from this age. Field trips, outdoor activities, the play area and the toy room are designed to further nurture the child in the happy preschool arena.

Teaching the Future

The programme goals are aimed at the following developmental domains.

- Personal, Social, Emotional Development
- Mathematical Development
- Creative Development
- Language Development
- Physical development
- Knowledge and understanding of the world around them
- Cognitive Development

PRIMARY SCHOOL

CLASSES (I TO V)

The primary school curriculum is an extension of the pre primary aiming at development in areas of languages, numeracy and sciences. The classrooms are based on the MI philosophy. Activity based teaching with an emphasis on student involvement is what the primary curriculum aims at. The projects and the question papers are mostly Trans disciplinary giving the child a more balanced approach to understanding concepts. The value tree in every class – a positive reinforcement method is a simple and effective strategy used for instilling manners and good habits in these budding ones.

- Discipline
- English language
- Mathematics
- Sciences
- Fine arts
- Physical education

“ Don't limit a child to your own learning,
for he was born in another time ”

- Rabindranath Tagore

MIDDLE & SECONDARY SCHOOL

CLASSES (VI TO X)

At Pallavi, Middle & Secondary School classrooms are child centric with emphasis on Enquiry based and Independent learning. The curriculum is research oriented and allows a child to think, explore and go beyond the textbooks. The chapter worksheets with higher order thinking skills give students an exposure to higher academic levels in all subjects. The time table is balanced with science lab, math lab and computer lab activities given. Debates, Elocutions, Journalistic writing, group discussions are held leading to leadership development from a young age. A thorough training in sports is given with an aim to identify children for the district, state and national level competitions.

SENIOR SECONDARY SCHOOL

CLASSES (XI & XII)

A Pallavi student in classes XI and XII is an independent leader ready to take on the challenges of the world. A complete focus in academics helps the child to aim for competitive examinations and excelling at the CBSE Board exams too. In a stress free environment the child is introduced to higher levels of coaching for all professional courses. A career guidance cell helps the child to choose his career options. Public speaking, extempore, TED talks, participation in seminars, Entrepreneurship exhibitions and science fairs help a Pallvian to reach higher pinnacles of academic excellence.

ENGLISH AND LIFE SKILLS LAB

ELSL is a comprehensive school program aimed at imparting English and Life Skills to students and to create a culture of joyful learning. Students engage in an extensive enquiry based learning where they are posed a question and encouraged to answer it through whatever means they see fit, developing a new skills, forge new friendships and discover more about themselves as learners. English curriculum has divided into the four key areas of - LSRW (Listening, Speaking, Reading and Writing). The tools for these key areas are guided reading program, show and tell, role plays, drama, songs, poetry, story-telling, essays and short story writing which help children develop self expression.

SUCCESSFUL ALUMNI

Students graduating from Pallavi come out with flying colours every year in CBSE, inter-school, state as well as national level competitive exams and extracurricular activities. The e-Community alumni directory also provides an excellent place to find and connect with everrrryone, working in different states and various countries through out the globe where each one will be beneficial to other.

TRANSPORT

High quality GPS enabled bus provision carries a large number of day scholars to the school from all major areas. Each bus has a bus attendant and a teacher travelling along with the students.

ANNUAL EVALUATION REPORT

The Annual Evaluation Report is an interpretation of each student's cumulative performance during an academic session in regular assignments, projects, weekly tests and in the Summative assessment. Teachers use assessment results to modify their teaching and differentiate learning to meet student needs. Students develop both content knowledge and skills in creativity, critical thinking, communication and collaboration. The important ideas include:

- Student-centered learning
- Assessment for learning
- Standards, project, inquiry-based learning
- Differentiation
- Student engagement

FOSTERING THE SPIRIT OF INTERNATIONALISM

At Pallavi the students are provided an exposure to international domains by participating in various cross-cultural programs, projects with schools abroad and also participating in international school award conducted by British Council. Exposure to different culture helps our students to develop tolerance and compassion.

PERFORMING ARTS

Expression in any form be it in sports, music, and dance or in the art room is encouraged at Pallavi. Children are encouraged to participate in all activities conducted in school. The curriculum trains the children in the following areas.
