Inception

With a motto to create exceptional students who in turn make an amazing society to live in, Pallavi Educational Society had initiated Pallavi Model School in June 1994 with 36 children in Hasmathpet, Bowenpally with high standards of academics clubbed with aesthetically planned curriculum roping in varied segments - Sports, Labs, Libraries, Arts and more. Pallavi has evolved into a successful Educational Institute in the past 30 years. Spreading our wings we have set off with our branches in Alwal, Boduppal, Gandipet, Saroornagar, Tivoli (Secunderabad), Keesara, Bachupalli, Bowenpally, Pocharam, Tirumalagiri, Mancherla and Peddapalli.

Vision

Pallavi group of educational institutions envisage creating socially responsible ethical, global leaders with academic excellence and quest for perpetual learning.

Mission

To impart holistic learning in a safe, secure and joyful learning environment. Where respect, tolerance, honesty and individual differences are appreciated. To develop leaders who shape the world through independent, creative and critical thinking.

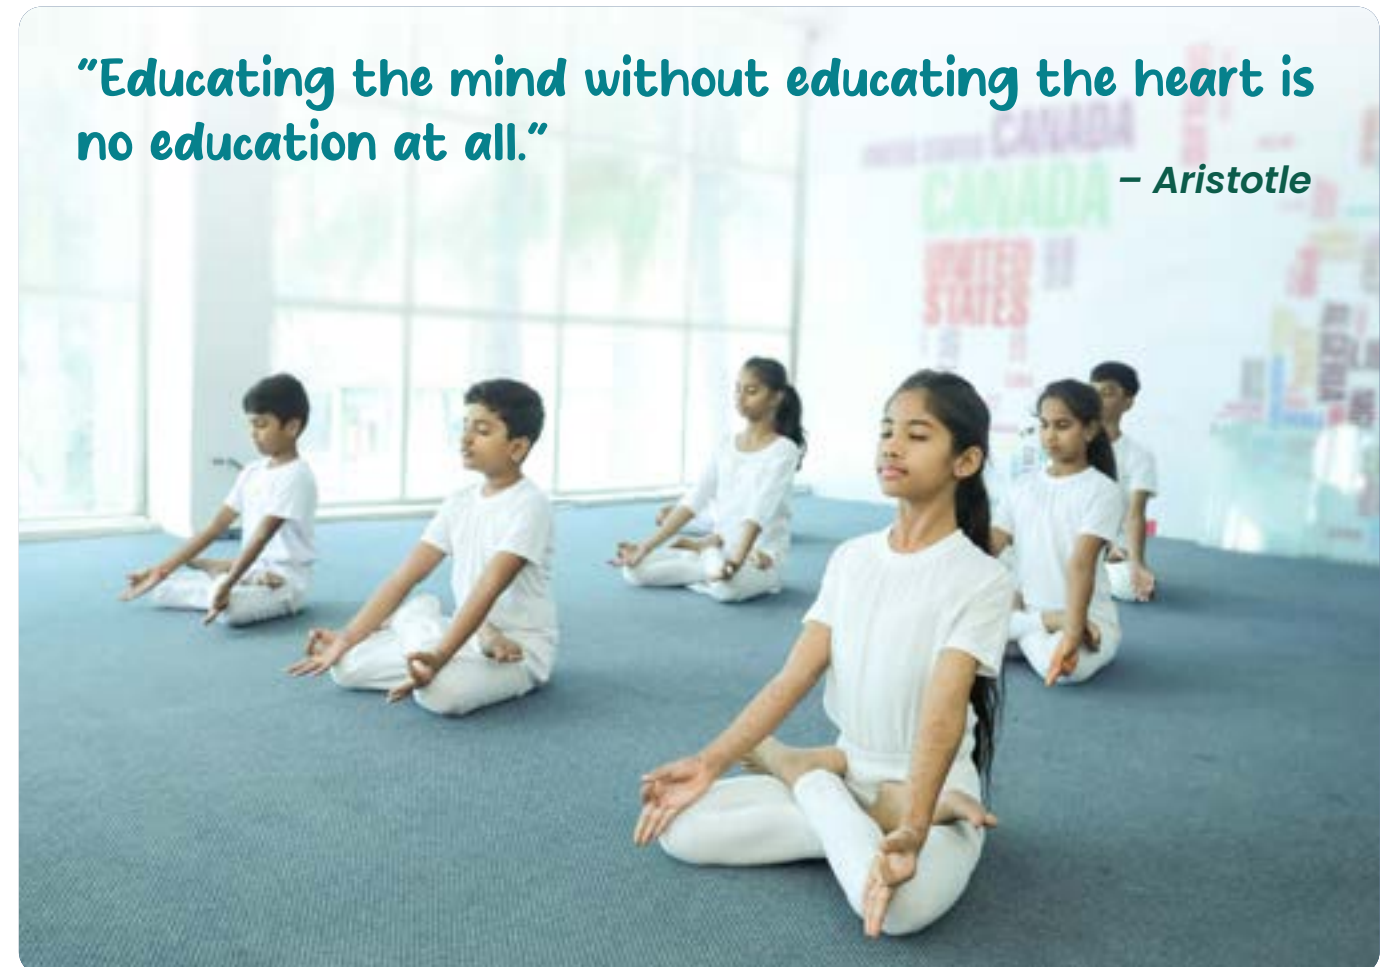

Motto

Tamasoma Jyotirgamaya - Lead me from darkness to light, from ignorance to intelligence.

"Educating the mind without educating the heart is no education at all."

– Aristotle

Pallavi's Approach

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

-William Arthur Ward

At Pallavi International School, we are equipped with all the advanced equipment and teaching aids, but believe that it takes a teacher to reach the student. Teachers at Pallavi International School are not just academically qualified but are also empathetic towards the child. Parent-faculty interaction is encouraged for monitoring and checking the child's progress in school. The School has a strong team tasked with establishing a collective vision for school improvement, initiating change to spur innovation, ensuring student learning.

Philosophy

We at Pallavi have an approach which aims at establishing the highest standards in academics, sports and co-curricular activities. The school aim's at preparing children with skills necessary for the 21st century. The culture of green and being empathetic run through every nerve and spine of a Pallavi child. The teachers at Pallavi become facilitators in the transfer of knowledge and shaping the young minds to dream higher.

Mr. M. Komaraiah

Chairman

As the Chairman of the esteemed Pallavi Group of Schools, I've always held a profound belief in the immense potential residing within every young mind.

The words, "All knowledge that the world has ever received comes from the mind, and the infinite library of the universe is in your mind," echo the ethos and essence of our educational journey since our establishment in 1994.

From the very outset, our mission has been to offer not just education but a gateway to a world of boundless possibilities. We've ardently dedicated ourselves to nurturing and honing the intellectual curiosity and capabilities of each child stepping through our school gates. Our commitment extends beyond textbooks and classrooms; it encompasses a holistic approach that values both academic excellence and holistic development.

Challenges have been stepping stones, not obstacles, in our path. They've spurred us to innovate, adapt, and evolve continually. Our relentless dedication to our goals has enabled us to carve a distinctive niche, recognized for excellence not just in academics but also in a spectrum of co-curricular activities. Be it sports, arts, or leadership initiatives, we've encouraged our students to explore their passions and talents, fostering a well-rounded development.

The accolades and recognition garnered are not merely symbols of achievement but testimonials to the collective efforts of our passionate educators, diligent staff, and, above all, the enthusiasm and hard work of our students.

Looking ahead, our resolve remains unwavering. We are committed to steering the Pallavi Group of Schools with the same zeal, if not more, toward a future that's not just better but brighter. Our aim is not merely to impart education but to instill values, foster innovation, and cultivate individuals ready to embrace the challenges of an ever-evolving world.

Mr. Raja Mogili A

Vice Chairman

As part of the Pallavi Group legacy, our school is a thriving community where students, parents, teachers, and staff collaboratively shape a positive, inclusive environment. Embracing diversity, we celebrate individual talents, creating a dynamic learning experience.

Academic excellence is central, with an engaging curriculum challenging students at all levels. Our committed educators employ innovative methods, fostering critical thinking, creativity, and problem-solving skills through advanced technologies.

Mrs. Pallavi Malka

Vice Chairman

"All knowledge that the world has ever received comes from the mind and the infinite library of the universe is in your mind."

– Swami Vivekananda

Very true. We, at Pallavi believe that every student that comes in has immense potential. We believe teaching is a noble profession and we are on the mission of nurturing tender minds with novel and innovative ideas, thus achieving the desired success.

Mr. A Sushil Kumar

Director & General Secretary

With a motto to create exceptional students who in turn make an amazing society to live in, Pallavi International School spread its wings to Keesara in a 4.5 Acre International campus. with CBSE & CAIE Curriculum, Pallavi International School - Keesara with in a short span has been receiving many awards & accolades. The school believes in imparting life skills which is the current need of the hour. We also focus to nurture the natural ability whether it is artistic, analytical, scientific or linguistic. Our long term goal will be to provide a robust, Vibrant and holistic education with appropriate approaches of academic activities to provide stress free, child centered education that will develop competent, confident and enterprising citizens who will promote harmony and peace.

Mr. Malka Yasasvi

CEO & Director

We aim to cultivate versatile individuals prepared for success in the 21st century. Beyond academics, we emphasize character growth through diverse extracurriculars like sports, arts, clubs, and community service. These activities empower students to explore, lead, and form lasting connections. We urge students to embrace challenges, fostering a passion-driven approach. Recognizing parents' pivotal role, we prioritize open communication and active involvement, fostering a collaborative partnership for an enriched educational journey at PIS, Keesara.

Dr. T. Sudha
Academics Director

Pallavi as a brand has always stood for being a place that ties together both tradition and change. While tradition keeps us grounded and rooted, change is inevitable and is the way of the world. Pallavi brand has worked tirelessly for 30 years to provide holistic education to every child walking through its doors.

The Pallavi brand now has Seven international schools, a chain of model schools and Pallavi kidz. We are extremely proud of the kind of leaders and teachers that are part of our schools. They are truly our lifeline. Our campuses are well planned and provide a variety of extracurricular activities, facilitating holistic education. Pallavians are given unparalleled opportunities and experiences that they will cherish throughout their life.

Our hope is that each Pallavian stands up as a strong human and creates a legacy of their own.

Our alumni are well placed in life. We thank every single person who has been a part of our 30-year legacy and it doesn't make us complacent, it rather motivates us to make some exciting changes for the future.

In honoring the past, we energize the future and celebrate the present.

"Every child is gifted. They just unwrap their packages at different times."

Curricula at Pallavi International School Keesara

Pallavi International School offers both CBSE (Central Board of Secondary Education) and Cambridge curricula, students can experience two distinct educational frameworks, each with its own approach to teaching and learning.

CBSE Curriculum

The CBSE curriculum, developed by the Government of India, is widely recognized throughout the country, and it holds significant credibility in the international educational landscape as well. Many universities and institutions worldwide recognize CBSE qualifications, enabling students to pursue higher education abroad.

This curriculum adheres to a standardized framework intended to encourage holistic development. It emphasizes a healthy mix of academics, extracurricular activities, and personal development. It emphasizes critical thinking, problem-solving abilities, and a solid foundation in fundamental courses including mathematics, science, social studies, and languages.

Cambridge Curriculum

The Cambridge curriculum, designed by the University of Cambridge International Examinations (CIE), is known worldwide for its high academic standards and emphasis on autonomous learning. It provides a wide and balanced education that encourages students to delve deeply into subjects while learning skills such as research, analysis, and communication.

The Cambridge Board is highly regarded and recognized in India and worldwide which allows Cambridge students to apply to prestigious universities and institutions across the globe. Cambridge students often find that their training allows them to easily choose to pursue courses of their interest within the country. Cambridge schools frequently prioritize foreign perspectives and offer pupils the opportunity to seek advanced level degrees such as the Cambridge foreign AS and A Levels.

The school meets a wide range of educational needs and interests by offering both the CBSE and Cambridge curricula. Students can benefit from a well-rounded education that draws on the qualities of both systems, equipping them for further studies and future endeavors in an increasingly competitive and linked world. Furthermore, such a design allows students to smoothly shift between multiple educational courses based on their unique interests and goals.

WHY CAMBRIDGE?

Responsible, Innovative, Confident, Engaged & Reflective

10 Reasons to Choose the Cambridge Pathway

1. SUCCESS Our Cambridge Pathway gives students a clear path for educational success from age 5 to 19. 	2. FLEXIBILITY Schools can shape the curriculum around how they want students to learn – with a wide range of subjects and flexible ways to offer them.	3. FUTURE SKILLS We help students discover new abilities and a wider world, and develop the skills they need for life, so they can achieve at school, university and work. 	4. DEVELOPMENT Each stage builds on learners' development in the previous stage, or from other education systems. 	5. CHOICE We offer an unrivalled choice of subjects: over 70 at Cambridge IGCSETM and over 50 at Cambridge International AS & A Level. Schools can let students choose subjects in any combination.
6. RECOGNITION Our qualifications are recognised by universities worldwide, including over 650 in the US. 	7. PREPARATION 98% of admissions officers surveyed said Cambridge programmes give students excellent preparation for university. 	8. TRAINING We provide first-class support for teachers through publications, online resources, training and professional development. 	9. GLOBAL Every year, Cambridge learners from 10000 schools in over 160 countries prepare for their future with an education from Cambridge International. 	10. HERITAGE We have a 150-year history of providing international exams. We are also a not-for-profit organisation and part of the University of Cambridge.

Cambridge Pathway has a wide range of subjects and flexibility, giving schools the chance to shape the curriculum so that it is exciting and relevant for students. Cambridge Pathway students can acquire the knowledge and skills they need to achieve at school, university and beyond.

Cambridge Early Years

The Early Years program at Pallavi aims at development in the language, physical, creative and cognitive domains in its three year course. The classrooms are colorful and resemble a second home. The teacher plays the role of a facilitator making learning easy for the tiny ones. A strong emphasis is laid on skill development right from this age. Field trips, outdoor activities, the play area and the toy room are designed to further nurture the child in the happy preschool arena.

Teaching the Future

The programme goals are aimed at the following developmental domains.

→ Personal, Social, Emotional Development

→ Mathematical Development

→ Creative Development

→ Language Development

→ Physical development

→ Knowledge and understanding of the world around them

→ Cognitive Development

Primary School

CLASSES (I TO V)

The primary school curriculum is an extension of the pre primary aiming at development in areas of languages, numeracy and sciences. The classrooms are based on the MI philosophy. Activity based teaching with an emphasis on student involvement is what the primary curriculum aims at. The projects and the question papers are mostly Trans disciplinary giving the child a more balanced approach to understanding concepts. The value tree in every class - a positive reinforcement method is a simple and effective strategy used for instilling manners and good habits in these budding ones.

- Discipline
- English language
- Mathematics
- Sciences
- Fine arts
- Physical education

“ Don’t limit a child to your own learning, for he was born in another time ”

- Rabindranath Tagore

Middle School & Secondary School

(CLASSES VI TO X)

At Pallavi, Middle & Secondary School classrooms are child centric with emphasis on Enquiry based and Independent learning. The curriculum is research oriented and allows a child to think, explore and go beyond the textbooks. The chapter worksheets with higher order thinking skills give students an exposure to higher academic levels in all subjects. The time table is balanced with science lab, math lab and computer lab activities given. Debates, Elocutions, Journalistic writing, group discussions are held leading to leadership development from a young age. A thorough training in sports is given with an aim to identify children for the district, state and national level competitions.

English and Life Skills Lab

ELSL is a comprehensive school program aimed at imparting English and Life Skills to students and to create a culture of joyful learning. Students engage in an extensive enquiry based learning where they are posed a question and encouraged to answer it through whatever means they see fit, developing a new skills, forge new friendships and discover more about themselves as learners. English curriculum has divided into the four key areas of - LSRW (Listening, Speaking, Reading and Writing). The tools for these key areas are guided reading program, show and tell, role plays, drama, songs, poetry, story-telling, essays and short story writing which help children develop self expression.

Successful Alumni

Students graduating from Pallavi come out with flying colours every year in CBSE, inter-school, state as well as national level competitive exams and extracurricular activities. The e-Community alumni directory also provides an excellent place to find and connect with everyone, working in different states and various countries through out the globe where each one will be beneficial to other.

Transport

High quality GPS enabled bus provision carries a large number of day scholars to the school from all major areas. Each bus has a bus attendant and a teacher travelling along with the students.

Annual Evaluation Report

The Annual Evaluation Report is an interpretation of each student's cumulative performance during an academic session in regular assignments, projects, weekly tests and in the Summative assessment. Teachers use assessment results to modify their teaching and differentiate learning to meet student needs. Students develop both content knowledge and skills in creativity, critical thinking, communication and collaboration. The important ideas include:

- Student-centered learning
- Assessment for learning
- Standards, project, inquiry-based learning
- Differentiation
- Student engagement

Fostering The Spirit of Internationalism

At Pallavi the students are provided an exposure to international domains by participating in various cross-cultural programs, projects with schools abroad and also participating in international school award conducted by British Council. Exposure to different culture helps our students to develop tolerance and compassion.
