International Education Prospectus

CENTRE NO. IN174

A Cambridge Pathway School
Early Years to Grade XII

Our Vision

DPS Cambridge International aims to provide diverse and enriching educational experience by responding to learner and community needs through innovation, technology and ethical practices thereby shaping future global leaders."

Mission

To foster educational integrity and ensure all learners access the benefits of their education.

Note: Academic integrity is the moral code or ethical policy of academia.

This includes values such as avoidance of cheating or plagiarism; maintenance of academic standards; honesty and rigor in research and academic publishing.

Leadership That Makes A Difference

M Komaraiah

B-Tech, Civil
Pro Vice Chairman

Malka Komaraiah, a visionary leader with over 30 years of experience in the education sector, has dedicated his life to uplifting children through transformative learning experiences. As the Chairman of DPS Schools, he has been instrumental in shaping these institutions into centers of excellence. His vision and dedicated service have enabled DPS Schools to enter a new era in education.

He is renowned for integrating technology, education, and research to make DPS an exemplary institution that prepares students to meet the challenges of the modern global scenario. Under his leadership, DPS has achieved remarkable growth, setting benchmarks in academics, infrastructure, and student development.

Yasasvi Malka

Alumni of ISB Hyderabad & BITS Pilani Dubai
CEO & Director of DPS, Pallavi Group & EcoBharat

Founder and CEO of Born Bright, Yasasvi, is a young entrepreneur and an alumnus of DPS, Nacharam. With a great sense of responsibility to make the nation a better place, he stepped into the field of education and takes a keen interest in the upbringing of our group of schools. Trained at BITS Pilani, Dubai Campus, in the field of civil engineering, he is invested in exploring, learning, and creating distinct opportunities for all.

He completed a minor in business psychology and entrepreneurship from University College London. He is an angel investor and growth hacker from the Wharton School of Business, University of Pennsylvania. He is currently the Chief Executive Officer of Balaji Arun Educational Society and leads from the forefront with various projects that capture the attention of the young generation.

Mrs. Turaga Padma Jyothi

Masters in English Literature, Russian Literature
Principal

Mrs. Jyothi, Principal of DPS Nacharam, brings over 32 years of rich academic and administrative experience. A triple gold medalist, she holds Masters in English Literature, Russian Literature, Psychology, and Philosophy, along with a Certificate in Counselling and Guidance from UCLA. Her vision is to create happy classrooms and nurturing spaces where children thrive with values, joy and confidence. A passionate educationist, avid storyteller and a firm believer in holistic growth, she emphasizes environmental conservation and sports alongside academic excellence.

Shanti Michael Anthony

Cambridge - Leader
Jr Principal

Ms. Shanti Michael Anthony, Junior Principal at DPS Nacharam, is an educational leader with 15+ years of experience. She established the Cambridge Pathway from Early Years to A Levels, earning global recognitions such as the UN Global Schools Certificate and multiple Cambridge Awards. Under her leadership, students have consistently achieved Outstanding Cambridge Learner Awards in IGCSE and AS Level exams. A certified trainer and mentor, she has empowered 100+ educators and continues to drive academic excellence while fostering a globally competitive learning environment.

Future - Ready Roots

With over 20 years of leadership in Pre-Primary Education, Delhi Public School, Nacharam stands as a trusted pioneer in nurturing young learners. Our commitment to excellence is recognised with the Cambridge South Asia Award for Best Early Years Programme, a testament to our innovation and impact in early childhood education.

Over the years, more than 8,000 students have graduated from our foundational years, equipped with strong academic, social, and emotional skills. Our proud alumni today are pursuing higher studies in reputed colleges and universities across the globe and have gone on to excel as doctors, engineers, scientists, technologists, teachers, judges, and leaders in diverse fields.

This award-winning programme is thoughtfully aligned with the National Curriculum Framework (NCF) and the National Education Policy (NEP) guidelines, delivered through the lens of the Cambridge International curriculum, ensuring that every child builds a future-ready foundation.

Every child's journey with us begins in a space that values safety, well-being, creativity, and curiosity guided by passionate educators.

Our eco-conscious green campus, proudly recognized with the Eco Green Flag Award, reflects our dedication to sustainability and to shaping environmentally responsible learners.

With a strong foundation rooted in global best practices and a proven track record of excellence, Delhi Public School, Nacharam continues to shape tomorrow's leaders, thinkers, and innovators.

The Future Me!

Dear Future me,

In the year 2025, this was my dream career.

As I step into this new chapter, know that every challenge is a chance to shine, every lesson is a stepping stone to success, and every moment is a memory waiting to be made.

Believe in yourself, stay curious, and embrace each day with joy. You are capable of amazing things!

Always remember to be grateful to your family, friends and school.

Wishing you endless discoveries, laughter, and success in the years ahead.

Best of luck! ✨
Cambridge International

Portfolio Day
8th March, 2025

Cambridge
Primary
Grades 1 to 5

A broad and balanced curriculum:

- 11 subjects (including English, Mathematics and Science)
- Classroom and external assessments.

“ Cambridge Primary starts learners on an exciting educational journey. It provides a strong foundation for students at the beginning of their schooling, helping them to become Responsible, Innovative, Confident, Engaged and Reflective. ”

Cambridge
Primary

Building Strong Foundations

The early primary years are all about laying the cornerstone of learning. In Grades 1 and 2, children are guided by a Mother Teacher model, ensuring warmth, consistency, and individual attention. This approach allows every child to feel safe, supported, and confident as they step into formal schooling. Here, the focus is on foundations in English, Mathematics, and Science, while also nurturing curiosity, creativity, and social skills. With hands-on activities, play based learning, and guided exploration, students build not only academic strength but also a love for learning.

A step towards self discovery

By Grade 3, our learners begin their journey towards independence and self discovery. Having built a strong foundation, they now interact with specialist subject teachers, expanding their horizons and experiencing deeper learning in every subject. Students are encouraged to ask questions, think critically, and express themselves, while also managing their own learning with greater responsibility. This transition prepares them to become confident, independent learners who can thrive in a variety of learning situations

Strengthening Skills, Broadening Horizons

As learners progress to the senior end of Primary, the focus shifts to mastery, application, and confidence. With a rich curriculum and exposure to Creative Studies, Art, Music, PE, and Digital Literacy, students develop a balanced skill set that prepares them for the challenges ahead. Collaborative projects, public speaking, clubs, and inquiry-based learning further enrich their journey, helping them discover strengths beyond the classroom.

The Milestone: Cambridge Primary Checkpoint

The Primary journey culminates in Grade 5 with the Cambridge Primary Checkpoint Assessments—a globally recognized benchmark that evaluates learners' understanding in English, Mathematics, and Science. With a history of outstanding results at DPS Nacharam, outbeating the international averages in all the three subjects, our Grade 5 students step into their first board exam with confidence, showcasing not only the depth of their concepts but also the strength of the teaching methodology. We are proud to share out legacy of students achieving an outstanding 50/50 in all the subjects. This milestone marks the beginning of their journey into Cambridge Lower Secondary, equipped with knowledge, resilience, and self-belief.

Cambridge
Lower Secondary
Grades 6 to 8

A broad and balanced curriculum:

- 11 subjects (including English, Mathematics and Science)
- Classroom and external assessments.

“ Cambridge International is a globally recognised and trusted exam board. We appreciate how the curriculum provides clear learning steps from Primary to Secondary, supported by structured assessments.”

Cambridge
Lower Secondary

Cambridge Lower Secondary

The Foundation of Excellence

From Nurturing to Rigour: A Bridge Between Stages

The Cambridge Lower Secondary (Grades 6–8) programme at DPS Nacharam acts as a natural progression from the tender learning years of primary school. It is carefully designed to build on prior knowledge, while introducing students to a higher level of academic rigour. Learners are encouraged to think independently, engage in enquiry-based tasks, and begin to approach subjects with depth and structure. This stage is where children move beyond acquiring basic skills and step into the discipline of structured learning, forming the perfect bridge to the challenges of IGCSE.

A Balanced and Enriching Curriculum

Cambridge Lower Secondary offers a broad yet rigorous curriculum with a strong emphasis on English, Mathematics, and Science, supported by Humanities, Languages, ICT, and the Creative Arts. Together, these subjects cultivate problem-solving, creativity, and critical thinking while developing a global outlook. The programme also places equal emphasis on character and values, nurturing resilience, confidence, and academic integrity. This holistic approach ensures that students are not only academically strong but also well-rounded individuals prepared for the demands of the modern world.

Progression, Checkpoint, and Continuous Growth

One of the most distinctive strengths of the Cambridge Lower Secondary is its progression pathway. At each stage, learners undergo structured progression tests that track their academic growth and identify areas for development. The Cambridge Checkpoint assessments at the end of Grade 8 serve as international benchmarks, providing both students and teachers with a clear diagnostic report. This detailed feedback forms the foundation of each learner's personalised improvement plan, ensuring that they step into high school equipped with clarity, direction, and confidence.

Preparing for Specialisation and Future Success

As students prepare to transition into IGCSE, the Lower Secondary years help them develop the academic discipline and intellectual maturity required for in-depth subject study. The diagnostic insights from progression and checkpoint assessments guide learners in making informed subject choices. With the support of experienced teachers and professional school counsellors, students identify their strengths, explore career pathways, and finalise subject combinations that align with their future aspirations. This ensures a smooth transition into the high school years, where academic focus, global perspectives, and leadership opportunities converge to shape them into confident, future-ready global citizens.

**“From Curiosity to Clarity
A head start with career counselling and subject choices”**

Cambridge IGCSE
provides the ideal
pathway to advanced
learning with
Cambridge
International
A Level ”

Cambridge IGCSE at DPS Nacharam

Overview of the Programme

The Cambridge IGCSE (International General Certificate of Secondary Education) is the world's most popular international qualification for students aged 14 to 16. At DPS Nacharam, it forms the Upper Secondary stage of the Cambridge Pathway, bridging Lower Secondary and Advanced (A Levels). Recognised globally, IGCSE equips students with deep subject knowledge, practical application skills, and an international outlook, while fostering creativity, problem-solving, and independent learning.

Curriculum & Subjects

The programme offers a broad and balanced curriculum with the flexibility to choose from 17 subjects, including 3 languages. DPS Nacharam offers a carefully structured selection across five groups:

- **Languages** – English, Hindi, French, Spanish.
- **Humanities** – Environmental Management, Global Perspectives, Economics.
- **Sciences** – Physics, Chemistry, Biology, Combined Science.
- **Mathematics** – Core and Extended Mathematics.
- **Creative & Vocational** – Business Studies, ICT, Computer Science, Accountancy, Art & Design.

Students may also pursue the Cambridge ICE (International Certificate of Education) Award, which recognises the study of a broad and balanced curriculum across at least seven subjects from five different groups, including two languages. This award is highly regarded internationally as an evidence of all-round academic achievement.

Assessment & Recognition

Assessment is conducted at the end of the course through a variety of methods including written papers, oral tests, coursework, and practical exams, allowing students of different strengths to perform well. Grading follows the A*–G scale*, benchmarked to the UK GCSE standard, and is accepted by universities and employers worldwide. Many higher education institutions require a combination of IGCSEs and A Levels, and in some cases, five IGCSE passes at grade C or above can directly qualify students for admissions in the US and Canada.

Learning Experience at DPS Nacharam

DPS Nacharam, the Cambridge IGCSE experience is designed to go beyond academics: Global Perspectives promotes critical thinking and cross-curricular connections. Personalised Support through progression tests, diagnostic tools, and teacher guidance. Skill Development in communication, collaboration, innovation, and independent research.

Excellence in Results – Every year, DPS Nacharam students secure the highest number of A*s across IGCSE subjects in the region.

Celebrated Achievements – Our students have consistently won global accolades, including the Outstanding Cambridge Learner Award: Sriram Srigiri for Environmental Management and Pankhuri for Computer Science.

Cambridge Advanced

Cambridge A Levels Grades 11 & 12

Cambridge International AS & A Level
Cambridge AICE Diploma

“ Cambridge International A Levels challenge students to think critically, explore deeply, and achieve their personal best. They develop strong analytical skills and a mindset ready to tackle any academic challenge. ”

Cambridge A Levels at DPS Nacharam

Overview of the Programme

The Cambridge Advanced stage includes Cambridge International AS & A Levels, recognised by leading universities across the globe. At DPS Nacharam, this programme builds on the foundations of IGCSE, offering in-depth subject expertise and higher-order thinking skills essential for university and professional success. Learners are nurtured to become leaders of tomorrow, equipped with academic excellence, resilience, and a global outlook.

Curriculum & Subjects

Students can choose from a wide range of subjects

DPS Nacharam offers:

- **Biology, Chemistry, Physics, Mathematics.**
 - **Commerce** – Accounting, Business Studies, Economics.
 - **Humanities** – English, Psychology, Global Perspectives & Research
 - **Additional Subjects** – Art and Design, Computer Science
- Learners may also opt for the Cambridge AICE Diploma, which rewards breadth across subject groups.

Assessment & Global Recognition

Assessment is conducted at the end of the course, with three flexible routes.

Cambridge Advanced is benchmarked to UK A Levels and recognised by over 2200 universities worldwide, including the University of Cambridge, Harvard, MIT, IITs, and all UK universities. Many universities grant advanced credits and placements based on A Level performance.

Building Strong Portfolio

CAS (Creativity Activity Service)

Hands-on projects and community initiatives nurture empathy, teamwork, and real-world problem-solving skills.

Sports Excellence

Structured coaching and world-class facilities help students excel as state, national, and international champions.

Innovation Start-ups & Global Recognition

Entrepreneurial ventures and global expos empower students to innovate and earn prestigious scholarships.

Sustainability Initiatives

Student-led Green Ambassadors drive eco-action in waste management, energy conservation, and sustainable living.

Competitive Edge through Collaborations

Partnerships with premier institutes prepare learners for top national and international entrance exams.

NCC (National Cadet Corps)

Discipline, leadership, and patriotism grow through national-level training and service experiences.

Alumni and University Pathways

Yet another wonderful event by the Cambridge faculty of DPS Nacharam... A big applause to them for their hardwork in creating portfolio of the kids.. We as parents are ecstatic to see the child grow and develop his own portfolio... presenting the portfolio of everything they had learnt, in front of the parents was a very good initiative by the Cambridge team... Looking forward for more such events and a successful journey ahead in DPS Nacharam, Cambridge..

We are incredibly happy with our daughter's experience at Delhi Public School, Nacharam. The teachers are genuinely passionate and create a stimulating classroom environment where our child feels encouraged to do her activities and explore their interest in studies. The diverse range of extracurricular activities has allowed them to discover new hobbies and develop valuable leadership skills. The school focus on character development is evident in the positive interactions we see between students and staff. We highly recommend DPS Nacharam Cambridge wing to anyone seeking a well-rounded education for their child.
