Inception

With a motto to create exceptional students who in turn make an amazing society to live in, Pallavi Educational Society had initiated Pallavi Model School in June 1994 with 36 children in Hasmathpet, Bowenpally with high standards of academics clubbed with aesthetically planned curriculum roping in varied segments - Sports, Labs, Libraries, Arts and more. Pallavi has evolved into a successful Educational Institute in the past 30 years. Spreading our wings we have set off with our branches in Alwal, Boduppall, Gandipet, Saroornagar, Tivoli (Secunderabad), Keesara, Bachupalli, Bowenpally, Pocharam, Tirumalagiri, Sagar Road, Mancherial and Peddapalli.

Vision

Pallavi group of educational institutions envisage creating socially responsible ethical, global leaders with academic excellence and quest for perpetual learning.

Mission

To impart holistic learning in a safe, secure and joyful learning environment. Where respect, tolerance, honesty and individual differences are appreciated. To develop leaders who shape the world through independent, creative and critical thinking.

Motto

Tamasoma Jyotirgamaya - Lead me from darkness to light, from ignorance to intelligence.

Pallavi's Approach

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."
-William Arthur Ward

At Pallavi International School, we are equipped with all the advanced equipment and teaching aids, but believe that it takes a teacher to reach the student. Teachers at Pallavi International School are not just academically qualified but are also empathetic towards the child. Parent-faculty interaction is encouraged for monitoring and checking the child's progress in school. The School has a strong team tasked with establishing a collective vision for school improvement, initiating change to spur innovation, ensuring student learning.

Philosophy

We at Pallavi have an approach which aims at establishing the highest standards in academics, sports and co-curricular activities. The school aim's at preparing children with skills necessary for the 21st century. The culture of green and being empathetic run through every nerve and spine of a Pallavi child. The teachers at Pallavi become facilitators in the transfer of knowledge and shaping the young minds to dream higher.

Mr. M. Komaraiah
Chairman

As the Chairman of the esteemed Pallavi Group of Schools, I've always held a profound belief in the immense potential residing within every young mind.

The words, "All knowledge that the world has ever received comes from the mind, and the infinite library of the universe is in your mind," echo the ethos and essence of our educational journey since our establishment in 1994.

From the very outset, our mission has been to offer not just education but a gateway to a world of boundless possibilities. We've ardently dedicated ourselves to nurturing and honing the intellectual curiosity and capabilities of each child stepping through our school gates. Our commitment extends beyond textbooks and classrooms; it encompasses a holistic approach that values both academic excellence and holistic development.

Challenges have been stepping stones, not obstacles, in our path. They've spurred us to innovate, adapt, and evolve continually. Our relentless dedication to our goals has enabled us to carve a distinctive niche, recognized for excellence not just in academics but also in a spectrum of co-curricular activities. Be it sports, arts, or leadership initiatives, we've encouraged our students to explore their passions and talents, fostering a well-rounded development.

The accolades and recognition garnered are not merely symbols of achievement but testimonials to the collective efforts of our passionate educators, diligent staff, and, above all, the enthusiasm and hard work of our students.

Looking ahead, our resolve remains unwavering. We are committed to steering the Pallavi Group of Schools with the same zeal, if not more, toward a future that's not just better but brighter. Our aim is not merely to impart education but to instill values, foster innovation, and cultivate individuals ready to embrace the challenges of an ever-evolving world.

Under the leadership of Malka Komaraiah

Mr. Malka Yasasvi

CEO & Director

We aim to cultivate versatile individuals prepared for success in the 21st century. Beyond academics, we emphasize character growth through diverse extracurriculars like sports, arts, clubs, and community service. These activities empower students to explore, lead, and form lasting connections. We urge students to embrace challenges, fostering a passion-driven approach. Recognizing parents' pivotal role, we prioritize open communication and active involvement, fostering a collaborative partnership for an enriched educational journey at PALLAVI.

Ms. Niharika Reddy

Director

Welcome to Pallavi International School Family!

At Pallavi, we believe in nurturing the whole child. We combine traditional values with a modern, technology-infused education, ensuring that our students are well-rounded individuals with a strong foundation in their heritage.

Ms. Reddy brings decades of experience to Pallavi, having graduated from St. Anthony's High School and Osmania University. Her passion for education is evident in her commitment to providing a truly enriching learning environment.

Our Philosophy: Education for Life: We believe education should be Value-Based, Engaging, Empowering, and Lifelong.

Our Teachers are dedicated faculty and with regular training and embracing technology, they stay connected with the ever-evolving world, ensuring our students well-prepared to compete in a globalized environment.

Our ultimate goal is to empower students to become confident, conscientious, and compassionate individuals, nurturing their talents to their full potential.

We cultivate a sense of social responsibility in our students encouraging them to practice Gratitude, show Respect, and treat everyone with Dignity. With dedication and a shared vision, we guide our students towards becoming positive changemakers, leaving a lasting impact on the world around them.

Jai Hind!

Dr. Naveen Kumar M

Director

Our goal is to develop well-rounded individuals equipped for success in today's world. In addition to academics, we focus on nurturing character through a variety of extracurricular activities such as sports, arts, clubs, and community service. These experiences enable students to discover new interests, take on leadership roles, and forge enduring relationships. We encourage students to tackle challenges with enthusiasm, fostering a mindset driven by passion and determination. Acknowledging the crucial role of parents, we prioritize transparent communication and active engagement. By fostering a collaborative partnership, we aim to enrich the educational journey of every student at PALLAVI.

Mrs. Jyothi Turaga

Former Principal, Delhi Public School, Nadergul
Director-Delhi Public Schools, Pallavi Group of Schools & R&R Centre

"Children must be taught how to think, not what to think"

The true essence of a school lies in the happy faces of children who come running into its portals every morning. These shining faces reflect the positive environment that Pallavi International School provides. To many of my kids, Sunday is not welcomed as the opportunity to go to school is curtailed. As these students jive to the jingles in the morning or spend their time in the science labs peering through the microscopes for worlds unknown, knowledge seeking itself becomes an exciting task. The quiz corners in school and the 'learning corridors' are some more vistas which open students to more learning. The common endeavour is to make learning more exciting, fun and self-driven and in the process make it more enjoyable for my "little wonders."

Pallavi's Standards

- Strong academic curriculum.
- Enquiry based, structured learning.
- Optimum student teacher ratio.
- Sports as an integral part of curriculum.
- Skill based individualised sports
- Clubs & student exchange programs as part of school curriculum.
- Green initiatives.
- Pallavi cares - Community service programming for the entire school community
- A very strong and positive parent connect.

Academics

To stimulate cognitive thinking, Pallavi International School is equipped with the latest technology to help students learn practical applications of classroom education.

- Biology Lab
- Chemistry Lab
- Physics Lab
- ICT Lab
- Math Lab
- Cognospace
- Library

Curricula at Pallavi International School Sagar Road

Pallavi International School offers CBSE (Central Board of Secondary Education) curriculum students can experience distinct educational frameworks, with its own approach to teaching and learning.

CBSE Curriculum

The CBSE curriculum, developed by the Government of India, is widely recognized throughout the country, and it holds significant credibility in the international educational landscape as well. Many universities and institutions worldwide recognize CBSE qualifications, enabling students to pursue higher education abroad.

This curriculum adheres to a standardized framework intended to encourage holistic development. It emphasizes a healthy mix of academics, extracurricular activities, and personal development. It emphasizes critical thinking, problem-solving abilities, and a solid foundation in fundamental courses including mathematics, science, social studies, and languages.

Early Years

The Early Years program at Pallavi aims at development in the language, physical, creative and cognitive domains in its three year course. The classrooms are colorful and resemble a second home. The teacher plays the role of a facilitator making learning easy for the tiny ones. A strong emphasis is laid on skill development right from this age. Field trips, outdoor activities, the play area and the toy room are designed to further nurture the child in the happy preschool arena.

Teaching the Future

The programme goals are aimed at the following developmental domains.

- Personal, Social, Emotional Development
- Mathematical Development
- Creative Development
- Language Development
- Physical development
- Knowledge and understanding of the world around them
- Cognitive Development

Primary School

CLASSES (I TO V)

The primary school curriculum is an extension of the pre primary aiming at development in areas of languages, numeracy and sciences. The classrooms are based on the MI philosophy. Activity based teaching with an emphasis on student involvement is what the primary curriculum aims at. The projects and the question papers are mostly Trans disciplinary giving the child a more balanced approach to understanding concepts. The value tree in every class - a positive reinforcement method is a simple and effective strategy used for instilling manners and good habits in these budding ones.

- Discipline
- English language
- Mathematics
- Sciences
- Fine arts
- Physical education

“Don’t limit a child to your own learning, for he was born in another time”

– Rabindranath Tagore

Middle School

CLASSES (VI& VII)

At Pallavi, Middle & Secondary School classrooms are child centric with emphasis on Enquiry based and Independent learning. The curriculum is research oriented and allows a child to think, explore and go beyond the textbooks. The chapter worksheets with higher order thinking skills give students an exposure to higher academic levels in all subjects. The time table is balanced with science lab, math lab and computer lab activities given. Debates, Elocutions, Journalistic writing, group discussions are held leading to leadership development from a young age. A thorough training in sports is given with an aim to identify children for the district, state and national level competitions.

English & Life Skills Lab

ELSL is a comprehensive school program aimed at imparting English and Life Skills to students and to create a culture of joyful learning. Students engage in an extensive enquiry based learning where they are posed a question and encouraged to answer it through whatever means they see fit, developing new skills, forge new friendships and discover more about themselves as learners. English curriculum has been divided into the four key areas of - LSRW (Listening, Speaking, Reading and Writing). The tools for these key areas are guided reading program, show and tell, role plays, drama, songs, poetry, story-telling, essays and short story writing which help children develop self expression.

Successful Alumni

Students graduating from Pallavi come out with flying colours every year in CBSE, inter-school, state as well as national level competitive exams and extracurricular activities. The e-Community alumni directory also provides an excellent place to find and connect with everyone, working in different states and various countries through out the globe where each one will be beneficial to other.

& Sub Lieutenant

ANANT KAUSHIK

Batch 2008,
OTT & YouTube Head - Humans of Bombay

Transport

High quality GPS enabled bus provision carries a large number of day scholars to the school from all major areas. Each bus has a bus attendant and a teacher travelling along with the students.

Annual Evaluation Report

The Annual Evaluation Report is an interpretation of each student's cumulative performance during an academic session in regular assignments, projects, weekly tests and in the Summative assessment. Teachers use assessment results to modify their teaching and differentiate learning to meet student needs. Students develop both content knowledge and skills in creativity, critical thinking, communication and collaboration. The important ideas include:

- Student-centered learning
- Assessment for learning
- Standardized, project, inquiry-based learning
- Differentiation
- Student engagement

Fostering the Spirit of Internationalism

At Pallavi the students are provided an exposure to international domains by participating in various cross-cultural programs, projects with schools abroad and also participating in international school awards conducted by British Council. Exposure to different culture helps our students develop tolerance and compassion.

Performing Arts

Expression in any form be it in sports, music, and dance or in the art room is encouraged at Pallavi. Children are encouraged to participate in all activities conducted in school. The curriculum trains the children in the following areas.

- Art and sculpture
- Music - Classical / Instrumental / Western
- Dance - Classical / Western
- Theatre
- Visual Art

Sports

Students at Pallavi are trained in the following sports.

- Swimming
- Cricket
- Volley ball
- Tennis
- Basketball
- Skating
- Football
- Kabaddi
- Table Tennis
- Carrom
- Gymnastics
- Taekwondo

Life at School

- Sprawling Campus
- Wi-Fi Enabled, Bright, Airy Classrooms
- Well stacked Library
- State-of-the Art Laboratories
- Student Counselling
- Excellent Sports Facilities
- Trained Faculty
- Multi-Purpose Activity Rooms
- Oratory Skills Enhancement
- Loving and Caring Atmosphere
- Value Based Learning
- Life Skills Education
- Pallavi Connect Mobile App
